**Summary:** Current law requires, if a person is convicted of a felony and is eligible for probation, before judgment is pronounced, the court to immediately refer the matter to a probation officer to investigate and report to the court upon the circumstances surrounding the crime and the prior history and record of the person. This bill would authorize a defendant to provide documentation to the court that he or she is currently, or was at any prior time, eligible for public mental health services due to a serious mental illness or eligible for Social Security Disability Insurance due to a diagnosed mental illness.

**Summary:** Would authorize the transfer of all amounts in the designated beneficiary's ABLE account to an ABLE account for another individual specified by either the designated beneficiary or the estate of the designated beneficiary upon the death of the designated beneficiary. **Summary:** For specified vital documents that are not standardized but contain enrollee or insured specific information, current law does not require a health care service plan or health insurer to translate the documents into threshold languages identified by the needs assessment, but instead requires a written notice of availability of interpretation services in threshold languages identified by the needs assessment to be included with those vital documents. This bill would also require this written notice to be made available, by a health care service plan or health insurer that offers essential health benefits, as defined, and with an enrollment of 50,000 or more covered lives, in the top 15 languages spoken by limited-English-proficient (LEP) individuals in California identified annually by the United States Census Bureau.

**Summary:** Current law permits a peace officer to not release a person if, among other reasons, the person is so intoxicated that he or she is a danger to himself or herself or others, there are one or more outstanding arrest warrants for the person, or the person cannot provide satisfactory evidence of personal identification. This bill would also permit a peace officer to not release an individual if he or she was arrested for a misdemeanor violation of various crimes related to burglary, theft, and shoplifting.
