**Summary:** Current federal law provides that EPSDT services include periodic screening services, vision services, dental services, hearing services, and other necessary services to correct or ameliorate defects and physical and mental illnesses and conditions discovered by the screening services, whether or not the services are covered under the state plan. This bill would require, consistent with federal law, that screening services under the EPSDT program include developmental screening services for individuals zero to 3 years of age, inclusive. Until July 1, 2023, the bill would require an external quality review organization entity to annually review, survey, and report on managed care plan reporting and compliance with specified developmental screening tools and schedules.

**Summary:** Would authorize an educational provider, as defined, to use behavioral restraints, which includes physical and mechanical restraints, or seclusion, as defined, only to control behavior that poses a clear and present danger of serious physical harm to the pupil or others that cannot be immediately prevented by a response that is less restrictive, and if other specified conditions are met. The bill would prohibit an educational provider from using a behavioral restraint or seclusion in certain circumstances, including, but not limited to, using seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation, and would prohibit the use of certain restraint and seclusion techniques.

**Summary:** Current law exempts a child under 18 years of age who is alleged to have engaged in prostitution or related offenses from being prosecuted for those offenses. Existing law authorizes a commercially exploited child under those circumstances to be adjudged a dependent child of the court and to be taken into temporary custody if the conditions allowing temporary custody without warrant are met. This bill would instead make the prohibitions on prostitution and related offenses applicable to a person under 18 years of age.

**Summary:** Would limit the amount a health care service plan or health insurer may require an enrollee or insured to pay at the point of sale for a covered prescription to the lesser of the applicable cost-sharing amount or the retail price. The bill would prohibit a health care service plan or health insurer from requiring a pharmacy to charge or collect a cost-sharing amount from an enrollee or insured that exceeds the total retail price for the prescription drug, and would provide that the payment rendered by an enrollee or insured would constitute the applicable cost sharing, as specified.

Current law requires a violation of this provision to be considered unprofessional conduct and subjects the provider to discipline by the provider's licensing entity. This bill would include, as an unlawful practice prohibited under the Consumer Legal Remedies Act, advertising, offering for sale, or selling services constituting sexual orientation change efforts, as defined, to an individual. **Summary:** Current law requires the State Department of Social Services to license and regulate community care facilities, residential care facilities for persons with chronic, life-threatening illness, residential care facilities for the elderly, child care centers, and family child care homes. Current law requires the department to obtain a criminal record for all applicants for licenses for these facilities and specified other employees and officers of these facilities. Current law prohibits persons with specified convictions from obtaining a license, permit, or certificate. This bill would authorize the department to grant an exemption for any of these convictions and would prohibit the department from denying an exemption on the basis of a charge for which pre- or post-plea diversion program has been completed, a conviction that was dismissed, an infraction or citation, or a conviction for which the applicant has obtained rehabilitative relief, including a certificate of rehabilitation or a pardon from the Governor.

**Summary:** Under current law, benefit payments under SSP are calculated by establishing the maximum level of nonexempt income and federal SSI and state SSP benefits for each category of eligible recipient, with an annual cost-of-living adjustment, effective January 1 of each year. Current law prohibits, for each calendar year, commencing with the 2011 calendar year, any cost-of-living adjustment from being made to the maximum benefit payment unless otherwise specified by statute, except for the pass along of any cost-of-living increase in the federal SSI benefits. Current law continuously appropriates funds for the implementation of SSP. This bill would reinstate the cost-of-living adjustment beginning January 1 of the 2019 calendar year, subject to the appropriation of funds for this purpose in the annual Budget Act.

**Summary:** Current law provides for the procedure of approving and accepting bail, and issuing an

order for the appearance and release of an arrested person. Current law requires that bail be set in a fixed amount and requires, in setting, reducing, or denying bail, a judge or magistrate to take into consideration the protection of the public, the seriousness of the offense charged, the previous criminal record of the defendant, and the probability of his or her appearing at trial or at a hearing of the case. This bill would, as of October 1, 2019, repeal existing laws regarding bail and require that any remaining references to bail refer to the procedures specified in the bill.

**Summary:** Current law authorizes a court to grant pretrial diversion, for a period no longer than 2 years, to a defendant suffering from a mental disorder, on an accusatory pleading alleging the commission of a misdemeanor or felony offense, in order to allow the defendant to undergo mental health treatment. This bill would make defendants ineligible for the diversion program for certain offenses, including murder, voluntary manslaughter, and rape. The bill would authorize a court to require the defendant to make a prima facie showing that the defendant will meet the minimum requirements of eligibility for diversion and that the defendant and the offense are suitable for diversion, as specified.

**Summary:** The Public Utilities Act requires the Public Utilities Commission to authorize and facilitate direct transactions between electricity suppliers and retail end-use customers, but suspends direct transactions except as expressly authorized. Current law expressly requires the commission to authorize direct transactions for nonresidential end-use customers, subject to an annual maximum allowable total kilowatthour limit established, as specified, for each electrical corporation, to be achieved following a now completed 3-to 5-year phase-in period. This bill would require the commission, on or before June 1, 2019, to issue an order specifying, among other things, an increase in the annual maximum allowable total kilowatthour limit by 4,000 gigawatthours and apportion that increase among the service territories of the electrical corporations.

**Summary:** Current law establishes various programs, including, among others, the Emergency Housing and Assistance Program, homeless youth emergency service pilot projects, and Housing First and the Homeless Coordinating and Financing Council, to provide assistance to homeless persons. Current law establishes the council to oversee the implementation of the Housing First guidelines and regulations, and, among other things, identify resources, benefits, and services that can be accessed to prevent and end homelessness in California. **Summary:** Current law prohibits the formulary or formularies for outpatient prescription drugs maintained by a health care service plan or health insurer from discouraging the enrollment of individuals with health conditions and from reducing the generosity of the benefit for enrollees or insureds with a particular condition. Current law, until January 1, 2020, provides that the copayment, coinsurance, or any other form of cost sharing for a covered outpatient prescription drug for an individual prescription shall not exceed \$250 for a supply of up to 30 days, except as specified. **Summary:** Current law prohibits a person from having his or her probation, mandatory supervision, postrelease community supervision, or parole revoked while that person is mentally incompetent. This bill would provide a court with discretion when a defendant is found mentally incompetent during a postrelease community supervision or parole revocation hearing to either dismiss the pending revocation matter, as specified, or, if the court determines that there is a reasonable likelihood that the defendant may be restored to competency and returned to court to face the revocation proceedings, order the county sheriff to deliver the defendant to either a State Department of State Hospitals facility, as specified, or a public or private treatment facility, as specified, for treatment to restore the defendant to mental competency.

**Summary:** Current law provides that federally qualified health center (FQHC) services and rural health clinic (RHC) services, as defined, are covered benefits under the Medi-Cal program, to be reimbursed, to the extent that federal financial participation is obtained, to providers on a per-visit basis. "Visit" is defined as a face-to-face encounter between a patient of an FQHC or RHC and specified health care professionals. This bill would authorize reimbursement for a maximum of 2 visits taking place on the same day at a single location if after the first visit the patient suffers illness or injury requiring additional diagnosis or treatment, or if the patient has a medical visit and a mental health visit or a dental visit, as defined.
